

DBPNet SECONDARY DATA ANALYSIS PROPOSAL FORM

Please email completed submissions to Jaclyn Cacia at caciaj@chop.edu. Investigators may also submit outside of this form as long as all applicable sections are included.

Proposed Title: _____

Lead Investigator: _____

Other Investigators: _____

At DBPNet Sites:

Investigators Not at DBPNet Sites (provide name and site):

Description of the Research Plan

Background (limited to 2-5 sentences): Describe the significance of the problem under study to Developmental Behavioral Pediatrics. Describe what is not known about the problem that the proposal intends to address.

Objective(s) and Hypothesis(es): Describe the precise objective(s) of the proposed secondary data analysis. State the specific hypothesis(es) to be tested.

Variables: List the essential variables you will need to conduct the secondary data analysis.

Data Analytic Plan: Provide a 1-2 paragraph summary of the data analytic plan. If applicable provide an estimate of the sample size you would need to be able to conduct the analysis.
