\* Off-peak hours: Mon-Fri from 9 am to 5 pm and all weekends.

\*\* Peak hours: Mon - Fri from 9 am to 5 pm.

**Full-service (assisted)** utilization of equipment is available on all instruments and it should be requested when the presence of a staff member is necessary to either operate the instrument or provide assistance to end user.

**Semi-assisted** operation of cell sorters is available only for trained users who require minimal help from the staff in order to operate the instruments.

**Unassisted** use of analyzers and sorters is offered to end-users who are proficient in operating the instrument and do not need assistance from the staff. The busy cell sorters (Aurora CS, MoFlo Astrios, FACSJaz and FACSaria Fusion) are available for unassisted use only during off-peak hours; the other instruments may be used in unassisted mode at any time.

The approval of reservations for full-service or semi-assisted use of the equipment is subject to staff availability.

### Software

FlowJo license	\$300/year
