

TEEN DRIVERS & PARENTS NEEDED FOR DISTRACTED DRIVING APP STUDY

WHAT ARE THE GOALS OF THIS RESEARCH STUDY?

The purpose of this research study is to determine if a new smartphone app impacts distracted driving, and to learn what parents and teens think about the app.

WHO CAN BE A PART OF THIS STUDY?

This study is open to teen drivers ages 16 to 18 and a parent. Both teens and parents must be licensed drivers and use an Android smartphone

WHAT WILL PARTICIPANTS BE ASKED TO DO?

Participants will be asked to:

- Use a smartphone app for 8 weeks
- Complete online surveys about their cell phone usage, driving, and experience with the app

No visits required! Participants receive compensation for their time and effort.

I WANT TO HELP! WHO DO I CALL?
