

ADULT PARTICIPANTS NEEDED FOR CARSEAT STUDY

WHAT ARE THE GOALS OF THIS RESEARCH STUDY?

The purpose of this research study is to evaluate a new type of car seat technology aimed at preventing errors in car seat use.

WHO CAN BE A PART OF THIS STUDY?

This study is open to adults over age 18 with a valid driver's license who have used a car seat with a child in the last five (5) years.

WHAT WILL PARTICIPANTS BE ASKED TO DO?

Participants will be invited to complete a questionnaire and make one visit to CHOP, where they will be asked to participate in a series of car seat installations. Participants will be compensated for participation.

I WANT TO HELP! WHO DO I CALL?

If you are interested in participating in the study or want to learn more please contact our study team at:

carseatsafety@chop.edu or
512-825-6003
